CENSUS OF THE COMMONWEALTH OF AUSTRALIA, 30TH JUNE, 1961

VOLUME I.—NEW SOUTH WALES

PART IV.—CROSS-CLASSIFICATIONS OF THE CHARACTERISTICS OF DWELLINGS AND OF HOUSEHOLDERS

PREFACE

This publication contains particulars of the characteristics of dwellings and of householders in New South Wales recorded at the 1961 Census.

The distribution of dwellings is shown by Metropolitan Urban, Other Urban and Rural Divisions of the State. Dwellings are classified by a number of characteristics (i.e. Class of Dwelling, Material of Outer Walls, Number of Rooms, Number of Inmates, Date of Building, Weekly Rent (unfurnished), and Facilities) which are shown for New South Wales as a whole and for Metropolitan Urban, Other Urban and Rural Divisions. Comparisons are also made with the 1954 Census. Certain of these dwelling characteristics are also shown in cross-classification with each other.

For private dwellings, the nature of the householder's occupancy of the dwelling is shown in conjunction with certain characteristics of the dwelling (i.e. Class of Dwelling, Number of Rooms, Date of Building) and also in conjunction with other characteristics of the householder (Sex, Age, Conjugal Condition, Occupational Status, Industry, and Period of Residence in Australia of Householders born outside Australia).

This is one of five Parts which will constitute the complete Census Volume for New South Wales, viz., Part I.—Analysis of Population in Local Government Areas and in Non-municipal Towns; Part II.—Cross-classifications of the Characteristics of the Population; Part III.—Analysis of Dwellings in Local Government Areas and in Non-municipal Towns; Part IV.—Cross-classifications of the Characteristics of Dwellings and of Householders; and Part V.—Population and Dwellings in Localities. A similar Volume is being prepared for each State, for the Territories, and for Australia as a whole. A list of printed and mimeographed 1961 Census publications already issued is shown inside the back cover of this Part.

Explanatory notes relative to the contents of this Part follow the Table of Contents.

Owing to limitation of space, a number of the cross-classified tabulations of characteristics of dwellings and householders have been published only for New South Wales as a whole. However, these cross-classifications are available separately for Metropolitan Urban, Other Urban and Rural Divisions on application to the Commonwealth Statistician.

EXPLANATORY NOTES

Divisions of State. The Divisions of State for New South Wales—Metropolitan Urban, Other Urban, Rural and Migratory as defined for Census purposes and as referred to throughout this Part are constituted as follows.

Metropolitan Urban. The boundary of the Metropolitan Area is determined for Census purposes by the Commonwealth Statistician and the Deputy Commonwealth Statistician. The area comprises the City of Sydney and thirty-four adjacent Municipalities and Shires, or parts thereof, as detailed in the tables of Part I. of this volume (*see also* map accompanying Part I.).

Other Urban. Relates to (i) all separately incorporated municipalities or parts thereof, outside the Metropolitan Urban Division, other than those specifically regarded as rural for Census purposes, (ii) that part of Lake Macquarie Shire included in Newcastle Urban Area, and (iii) towns not separately incorporated with a population of 1,000 persons or more.

Rural. Comprises the remaining portions of the State and is affected by the intercensal changes in the area of the Other Urban Division.

Migratory. Refers to persons not elsewhere enumerated who at midnight between 29th and 30th June, 1961, were on ships in New South Wales waters, or were travelling on long-distance trains, motor coaches or aircraft.

Variation in the boundaries of divisions of State is a factor that must be borne in mind when making comparisons between Censuses.

DEFINITIONS

Occupied Dwelling. An occupied dwelling is any habitation occupied by a household group living together as a domestic unit, whether comprising the whole or only part of a building. The term has therefore a very wide reference and includes, in addition to houses and flats, a great variety of " dwellings " ranging from a single-roomed shack to a multi-roomed hotel or institution. Occupied dwellings are classified into " private " and " other than private " dwellings.

Private Dwelling. Private dwellings are further classified into the following four categories:—

Private House. Private Houses include houses, sheds, huts, garages, etc., used for dwelling purposes, and shared private houses for which only one Householder's Schedule was received.

Share of Private House. A Share of a Private House is a portion of a shared private house which is occupied separately and for which portion a separate Householder's Schedule was received.

Flat. A Flat is part of a house or other building which can be completely closed off and which has its own cooking and bathing facilities.

Other Private Dwelling. These include private dwellings such as rooms, apartments, etc., which are parts of buildings but are not self-contained units.

Other than Private Dwelling. These include Hotels; Motels; Boarding Houses, Lodging Houses and Hostels; Educational, Religious and Charitable Institutions; Hospitals; Defence and Penal Establishments; Police and Fire Stations; Clubs; Staff Barracks and Quarters; etc.

Unoccupied Dwellings. These include vacant dwellings available for sale or renting; dwellings such as " week-ender ", " holiday home ", " second home ", " seasonal workers' quarters ", which were not occupied on the night of the Census; dwellings normally occupied but whose usual occupants were temporarily absent on the night of the Census; newly completed dwellings whose owners or tenants had not entered into occupation on the night of the Census; dwellings described as " to be demolished ", " condemned ", " deceased estate ", " exhibition home ", etc.; and buildings constructed as dwellings but used for non-dwelling purposes on the night of the Census. The total number of unoccupied dwellings shown for any area must not, therefore, be read as representing the number of vacant houses and flats available for sale or renting.

Campers-out. Refers to those people, (other than " Migratory " (*see* above)), who were not enumerated in a dwelling. Included are such people as those camped beside their vehicle by the roadside, drovers and other itinerants.

Rooms. These include kitchen and permanently enclosed sleep-out, but do not include bathroom, pantry, laundry or storehouse. Rooms in non-attached buildings are included only if used for living or sleeping purposes by the household group. Rooms recorded for a " share of private house " include only those used by the occupier of the share. A shared kitchen or living room is recorded only for the share occupied by the owner or principal tenant.

Rent. The data relating to rents are only for dwellings rented unfurnished. The figures representing " rent not stated " include rent-free dwellings, those rented on a furnished basis and those for which rents were not applicable (e.g., for shop and dwelling combined). All rents shown are exclusive of data relating to Governmental tenants, i.e. those tenants who in 1954 furnished answers in response to the instruction " Tenant paying rent to a Government Authority to write 'Tenant (G)'", and in 1961 furnished answers to the instruction "Tenant paying rent to the Housing Commission of New South Wales to write 'Tenant (G)'".

Particulars of full-blood aboriginals and dwellings occupied solely by them are excluded throughout.
